

# ROYAL BAKING POWDER

**Absolutely Pure**  
The only baking powder  
made from Royal Grape  
Cream of Tartar  
No Alum, No Lime Phosphate

## OF LOCAL INTEREST

**PROSPECTIVE SETTLER**—Among the prospective settlers who have arrived in Phoenix within the last few days is T. E. Stevens of Sioux City, Iowa.

**HERE FROM WINKELMAN**—Mrs. J. R. Berry and her daughter, Tessie, of Winkelman, came down from the mining town yesterday for a few days' visit with friends.

**GOES TO DENVER**—Mrs. Jennie Wilcox left last evening over the California Limited for the Santa Fe for Denver, Colo., where she will visit friends for several weeks.

**TO VISIT IN KANSAS CITY**—C. Burke was a passenger last evening on the Southern Pacific for Kansas City, where he will spend the next few weeks the guest of friends.

**OFF TO CHICAGO**—William Marker left last evening on the Golden State Limited of the Southern Pacific for Chicago, where he will visit and incidentally transact business.

**LOST HER HANDBAG**—Sometime yesterday afternoon while a young lady stenographer in Room 402 Fleming block was busily engaged with her duties, a sneak thief entered the office and appropriated her handbag in which was a purse containing about \$16. There were also some other trinkets. The police are in possession of a clue and an arrest may be made today.

**JUSTICE PARKER'S COURT**—Three cases of drunk and disorderly conduct were brought before Justice Parker yesterday. Two of the culprits were fined \$6 each and one was fined \$5. Two of them were allowed to go on bonds that they would pay their fines Saturday night. This was not only a show of leniency to the defendants but the justice was moved in part to the liberal action by the fact that the county jail is already so full of prisoners that he feared further crowding would bring him under the purview of the society for the prevention of cruelty to animals.

**RILEY HELD TO ANSWER**—Fred Riley was yesterday examined by Justice Johnstone on two charges of aggravated assault and in each case he was held to answer to the grand jury and the bond fixed at \$1,000. One of his victims was Mrs. Anna Davis and the other Miss Ramona Robles. The latter seems to have suffered the most seriously and is now unable to walk. She was brought to the court room in a carriage and lifted from it to a chair. The left side of her face was kicked, it is alleged, and cut almost from the eye to the chin, six stitches having been taken in the wound. Her right arm was badly bruised, but the wound that gives her the most pain it is claimed, resulted from a kick under the knee, injuring the joint. It gives constant pain and she cannot touch her foot to the floor. There are numerous other contusions of a minor character. Mrs. Davis does not seem to have been materially hurt although it was merely her good fortune not to receive any of her assailant's dangerous blows or kicks.

## Coffee Does

**PARTY OF COLONISTS**—A party of twenty-four colonists from Indiana and Ohio points arrived in Phoenix yesterday via the Santa Fe. The colonists were induced to come to the Salt River valley and locate by A. E. Egley of this city and by Emil Erhart, who came west with them. All are from the very best farming stock the country boasts of. There are five persons in Mr. Erhart's family and six in that of Joseph Stuckey. The Erharts hail from Fort Wayne, Ind., and the Stuckeys and Schindlers from Berne, Ind. The family of Henry Schindler, a cousin of Egley, numbers four. Louis Rupp and family of five are from Archibald, Ohio. They are accompanied by Mrs. Katherine Rupp and Mrs. Jacob Rupp. Another important member of the party is Mrs. D. Marshall of Winona Lake, Ind. Miss Bertha Egley, a cousin of A. E. Egley, who has been in the east for some time studying music, came home with the new settlers. There are twenty-four persons in the party and only two ever saw Phoenix before yesterday.

## ORIENTAL TRAVELS OF ARIZONA TOURISTS

How the Hearst Examiner Party Was Entertained in Manila.

The Hearst excursion party which landed in San Francisco a day or two ago after a tour of the Orient, from all accounts had a royal time wherever it went, but nowhere was it taken greater note of than in Manila. The American brethren across the sea seemed to understand that it was a visit from people of their own kind, next almost to relatives, and nothing was overlooked that would show their appreciation and their hospitality. Dr. H. H. Wilson has received a roll of papers from friends in the party which a reporter for The Republic has had an opportunity to peruse and from the prominence given the visitors it is easy to observe that they were the chief news item of the Philippine capital during their stay from September 7 to September 11. They were to Manila about what the territorial fair will be to Phoenix just about two months later, in point of news interest, though they did not crowd the city quite so much, for there were just 114 of them.

It is also noted that the American contingent always managed to represent at the right time and a news item sent without some reference to Honorable B. A. Packard of Douglas, Honorable Ben Goodrich of Tombstone or the Honorable Isaac Taft Stoddard and Emil Ganz of Phoenix, was rare indeed. They made speeches and gave out interviews just like the people who come here from the east and become enraptured with Arizona and her climate. If Manila looks as much better to the Arizonians than the home country, as Arizona does to the eastern people, it must be mighty close to Eden itself.

Both the Cablenews-American and the Manila Times made the doings of the party the chief story during each day of the party's stay in the city. All sorts of receptions and functions and banquets were arranged for them. The day they landed there was a big military exhibition arranged for their benefit, but through an unfortunate incident by which the landing was slow, the vessel having difficulty in getting properly docked and the companion way open, only a few of them got out to the parade grounds in time.

Their visiting program for the next day was as follows:  
Bureau of printing and inspection of work.  
Germinal Cigar and Cigarette factory.  
Embroidery and lace work at the school.  
Philippine museum.  
Exhibition of fire department.  
Philippine general hospital.  
Inspection of Bilibid prison.  
Reception by Governor General Forbes and Major General W. P. Duvall at the Malacanang palace.  
The evening of the third day was devoted to a swell banquet at the Hotel Metropole, the guests being met with launches at the Mongolia and transferred to the land. The banquet was a splendid affair and was followed by a grand ball.  
Saturday afternoon, September 10, the Mongolia steamed to the outer harbor, leaving Manila Sunday morning at 2 o'clock. Speaking of the

departure the Cablenews-American says:  
"The scene on the pier was fully as enthusiastic and stirring as any like occasion within the annals of the city. For over an hour before the big liner cast off, the Constabulary band under the leadership of Captain Loving, played a number of popular airs and selections from various operas, many of the visitors proffering requests to have their favorites played, to which Captain Loving acceded with his usual generous complaisance. In the short time the party has been in Manila all the members have made hundreds of acquaintances and in many instances firm friends. On all sides were heard regrets from the visitors at their inability to remain longer and see more of the islands."

"Ex-Governor Stoddard was probably the most enthusiastic booster. Mr. Stoddard said: 'It certainly makes an American's heart feel good to see so many sturdy, upright, bright-eyed Americans doing so much steady and hard work for civilization. I had no idea what was going on here. All I have seen has impressed me more than any words I can possibly utter can express. You can tell the people of Manila and the Philippines that they can rest safe in the assurance that every man and woman of this party goes back to the states a booster, and a rooter for the Philippine problem and for the men who are working it out.'"

"Mr. Goodrich of Tombstone, the 'grand old man' of the Hearst party said: 'It has been a tremendous surprise to us and we all are impregnated with the Philippine boosting bug. We were told all sorts of stories before coming here of the bad conditions prevailing in the islands. Bad water, fever, great heat, dirty streets, no hotels worthy of the name, were some of the slurs cast on our city. We have found all of these things to be falsehoods and everyone of us is in love with Manila and its people. You are doing a great work here and I wish all of the people at home could see for themselves just exactly what is doing here. You have treated us royally and the splendid entertainment and the marvelous progress you are making will remain pleasant memories with us as long as we live.'"

"As the big liner left the pier the band playing, 'Home, Sweet Home' and 'The Girl I Left Behind Me' and the members of the party lined the rail and yelled and waved their handkerchiefs to their hosts, who answered in a like manner. Governor Stoddard proposed three cheers for Manila which were given with a will by the party and were responded to in kind by the exiles on the dock."

## SEE AN ABATEMENT OF PUBLIC CLAMOR

Meat Packers Say Their Business is Legitimate

Chicago, Oct. 17.—The report of the executive committee of the National Meat Packers' association which met in annual convention here today, intimates that the select committee of the United States senate when it met to investigate the high cost of living, did not act in best faith in examining the packers.

Reports are that while there have been some repetitions of the usual slurs and unfounded charges against the packers, they have lacked the venom of previous years, and the opinion is expressed that a "belief was growing with the public that the packers as a class are doing a legitimate business."

President Charles Rohe, in his address, said that last year, in many respects, had been unsatisfactory to the packers, owing to the high price of livestock.

"It is undoubtedly a fact," he declared, "that the packers and the meat dealers have been doing business without a profit during the year."

## OUTLAWRY AT SALT LAKE ALLEGED BY GOVERNOR SPRY

Charged in Reply That Governor is Seeking Political Advantage.

Salt Lake, Utah, Oct. 17.—The act of Governor Spry yesterday in sending a letter to the county commissioners, the sheriff, the mayor of Salt Lake and the chief of police, charging that the city is infested with criminal characters and asking the county and city officials to co-operate in getting rid of them, is bitterly resented by the municipal authorities, who assert that the letter was intended for political purposes. It is pointed out that there is no more crime in the city now than for years past.

Chief of Police Barlow said today: "The city is clean. This is merely a political subterfuge."

The charge that the governor's action is for political effect is based on the fact that Salt Lake is politically controlled by the American party, while the state and county are controlled by the republican organization. The American party has for its professed object the elimination of political control by the Mormons. At the coming election the American party is seeking to extend its control over county affairs as well as municipal.

ONE QUALIFICATION.  
Mrs. Haughtylee—Well, Professor, and how much is my daughter getting along with her music? Do you think she will ever become a famous singer?

## WHY SALVES FAIL TO CURE ECZEMA

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

## JUDGE PARKER OPENS NEW YORK CAMPAIGN

He Takes Occasion to Speak of Political Contributions

Olean, N. Y., Oct. 17.—Judge Alton B. Parker tonight began the democratic state campaign here with a speech in which he strenuously denounced Roosevelt's charge of an alliance between Tammany Hall and Wall Street. He said that the colonists' charge has raised a strong presumption that the republican political organization has established relations with Wall Street or some part of it.

He urged the enactment of a law providing for impeachment instead of a more fine in cases of corporate contributions to campaign funds.

Parker quoted extensively from the letters of Roosevelt, to Edward H. Harriman and W. J. Bryan to fortify the assertions that Roosevelt in the campaign of 1904 solicited campaign funds, that Roosevelt knew that "the great financial interests, the protected interests and others having favors to seek, contributed largely."

## DEMOCRATIC TANGLE IN MASSACHUSETTS

A Probability That There Will Be Two Sets of Candidates.

Boston, Oct. 17.—Notwithstanding that a mail canvass of 93½ per cent of the chosen delegates to the democratic state convention by the democratic state committee showed a bare majority in favor of the nomination of Eugene N. Foss for governor, a committee of four appointed by the convention to select it adjourned tonight. In a statement tonight Foss said he would be a candidate at the polls under the name of democratic progressive.

As Mansfield, the democratic candidate for governor, has stated that he would not withdraw before 5 p. m. Thursday in favor of Foss, as he is strongly opposed to the latter's leadership, it is looked upon by party leaders tonight as if there would be two candidates for governor as well as two for lieutenant governor from their ranks. All these candidates have until Thursday night to withdraw and substitutions may be made up to 5 p. m. October 24.

## CAPTURE OF HIGH GRADERS AFTER FOUR DAYS' PURSUIT

Mexican Bandits Who Raided the Lucky Tiger Mine.

Douglas, Arizona, Oct. 17.—Pursued tirelessly by rurales and special officers from the mines, three Mexican bandits who raided the Lucky Tiger mine and escaped with \$10,000 worth of high grade silver ore surrendered today and are lodged tonight in jail at Nogazari.

The robbery occurred on Thursday. For four days the robbers had gone without food or rest to escape the close pursuit. They were glad to give up.

The robbery was one of the boldest ever perpetrated in this region. The bandits drove a pack train of twelve burros to the mine, loaded their animals with twenty-three sacks of high grade ore valued at \$400 a sack, and drove away again before the officials and men at the mine realized what was happening.

It is supposed that the robbers were employees of a contractor engaged to transport the ore to Ysabel, whence the ore was to have been shipped to a smelter at El Paso. All the ore was recovered when the pursuers came upon the famished robbers and their exhausted animals.

## MINING NEWS FROM VICKSBURG SECTION

Stafford Mill Is Running Smoothly—  
New Strike Made Twenty-five Miles South.

J. K. McCarthy has just returned from a short stay in the Vicksburg country and brings with him various items of pleasing news. He has been engaged in sinking a well at the Stafford mine, with his big drilling outfit, has completed his work and everything is satisfactory. His drilling outfit will be brought to Phoenix shortly.

The Stafford mine is about three miles from Vicksburg. The well was put down 150 feet and a supply of good water was secured, ample for the operation of the twenty-ton Chilean mill which is now in operation. The mill was run eight hours before he left the country, when a little clean-up was made. Mr. McCarthy says he does not know how much the product was but it was a nice looking chunk of amalgam. Mr. McCarthy says there has been a lot of work done on the mine and in his opinion it is a splendid property. It is owned and operated exclusively by Mr. Stafford not being a corporation affair. He has put his own money into it and will get the proceeds himself. It looks now as though he would be well rewarded for his labors and his faith.

Mr. McCarthy pretends to be something of a miner himself and during his short stay he went over the property pretty thoroughly, merely from personal curiosity. He said he found numerous ledges or veins from twelve inches to two and a half feet wide, that sampled well, some of them going 320 per ton. He believes the ore bodies will average \$12 per ton and that is about what it is expected the mill will show.

At Vicksburg the railroad company is engaged in drilling for water. The hole is now down 250 feet and there is no sign of water. Mr. McCarthy said that while he was there the drills were passing through a very hard formation and progress was slow. The dirt coming out attracted his attention and he sampled it getting a good showing of gold and carbonates. The company if it fails to get the water it will perhaps be able to sell the hole for a good mine.

Another item of considerable interest in this section was the recent bonding of a new property about twenty-five miles south of Vicksburg, for 100,000 to Nesbit & Hall of Utah.

## Asthma and Consumption

MR. JAMES W. NASH.

Thousands, both men and women, like Mr. Nash, praise Duffy's Pure Malt Whiskey for restoring them to health.

## Duffy's Pure Malt Whiskey

is a wonderful remedy for all diseases of the throat, lungs and stomach, and all run-down and weakened conditions of the body, brain and nerves. It builds new tissue, quickens the circulation and aids in driving out all disease germs. It is prescribed by doctors and is recognized as a family medicine everywhere.

**CAUTION**—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It is an absolutely pure medicinal malt whiskey, and is sold in STALLED BOTTLES ONLY, never in bulk. Price \$1.00 a large bottle. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for an illustrated medical booklet and doctors' advice, both sent free.

Duffy's Pure Malt Whiskey Gave Health and Strength When All Else Failed. Six Bottles Have Made Mr. Nash Feel Like a New Man.

He recently wrote: "Last January, a year ago, I caught a severe cold while working. I coughed all the time. I sent for my doctor, and he said I had consumption and asthma; he gave me some medicine which did me no good. I saw your advertisement in the paper and decided to try your medicine. I have taken 6 bottles and it has done me much good, and has given me lots of strength. I am sure it will cure me. I am still taking your Duffy's Pure Malt Whiskey and I recommend it to my friends and will continue to do so." James W. Nash, Cottageville, Ky.

Thousands, both men and women, like Mr. Nash, praise Duffy's Pure Malt Whiskey for restoring them to health.

A shaft is down about forty feet on the property which is referred to as the new strike. Mr. McCarthy brought some samples of the ore to Phoenix for assay. He says it is a curious looking formation, a sort of a conglomerate that most people would not regard as ore bearing. The pay streak is variable ranging from four to sixteen inches in width but the whole shaft assays good. The pay streak in places samples a thousand dollars a ton. While the property is yet a prospect it is creating considerable excitement and may develop into a big mine.
